ABOUT CHEF KENTON LOWRIE

Chef Kenton Lowrie is a professional chef, author, and founder of Island Meets Italy, a culinary brand inspired by the vibrant flavours of Jamaica and the timeless traditions of Italian cuisine.

With over 20 years of experience in professional kitchens, Chef Kenton has developed a reputation for consistency, creativity, and a deep respect for classical cooking techniques. His professional journey has been further shaped by studying Culinary Management at Humber College, where he continued to build upon the practical experience he had already gained in the kitchen.

Island Meets Italy: Volume 1—Foundations of Flavor reflects years of recipe development, refinement, and hands-on professional experience. More than a collection of recipes, the book is designed to help home cooks build confidence by teaching professional techniques, strong culinary foundations, and the skills needed to create restaurant-quality meals at home.

Chef Kenton's culinary philosophy is simple: great food begins with strong foundations, quality ingredients, and genuine passion. For him, the greatest reward isn't simply creating a dish—it's seeing people genuinely enjoy the food he prepares. Every recipe reflects his commitment to teaching, consistency, and helping home cooks experience that same sense of confidence and satisfaction in their own kitchens.

Beyond the cookbook, Chef Kenton continues to build the Island Meets Italy brand with a vision that extends beyond publishing to include future cookbook volumes, premium food products, and a restaurant celebrating the unique connection between Jamaican and Italian cuisine.

ABOUT ISLAND MEETS ITALY

Island Meets Italy was founded on a simple idea: two rich culinary traditions, separated by geography but united by passion, family, and the joy of sharing great food.

Inspired by the bold, vibrant flavours of Jamaica and the timeless elegance of Italian cuisine, Island Meets Italy celebrates the harmony between two cultures through thoughtfully crafted recipes that respect tradition while embracing creativity. Every dish is designed to feel familiar yet unexpected, bringing together the warmth of Caribbean cooking with the comfort and refinement of Italian classics.

At its core, Island Meets Italy is built on the belief that exceptional cooking begins with strong foundations. Rather than simply providing recipes, the brand encourages home cooks to understand technique, develop confidence, and appreciate the fundamentals that transform good cooking into memorable dining experiences.

What began as a cookbook has grown into a long-term vision. Island Meets Italy represents a commitment to culinary excellence through cookbooks, premium food products, and, ultimately, a restaurant where guests can experience this unique fusion firsthand.

Island Meets Italy is more than a name. It is a celebration of culture, craftsmanship, and the belief that great food has the power to bring people together.

ABOUT THE COOKBOOK

Island Meets Italy: Volume 1—Foundations of Flavor is the debut cookbook by Chef Kenton Lowrie and the first publication under the Island Meets Italy brand. Inspired by over 20 years of professional culinary experience, the book explores the unique fusion of Jamaican and Italian cuisine through recipes that celebrate both tradition and creativity.

Designed for home cooks of all skill levels, Volume 1 emphasizes the importance of mastering foundational techniques before building more complex dishes. Readers are guided through the essential building blocks of flavour, including signature sauces, seasonings, and core recipes that serve as the foundation for the dishes that follow.

The cookbook features a carefully curated collection of appetizers, fresh pasta, seafood, risotto, main courses, sides, cocktails, and desserts. Every recipe includes clear step-by-step instructions, professional chef's notes, serving suggestions, pairing recommendations, and storage guidance, giving readers the confidence to recreate restaurant-quality meals in their own kitchens.

More than a cookbook, Foundations of Flavor reflects Chef Kenton's belief that cooking is a skill developed through understanding, patience, and practice. By combining the bold spirit of Jamaica with the timeless traditions of Italy, the book offers readers an original culinary experience that is both approachable and inspiring.

As the first volume in an ongoing series, Foundations of Flavor establishes the philosophy and identity of Island Meets Italy while laying the groundwork for future books, products, and culinary experiences.
